2025 VIRTUAL INFORMATION SESSION RECAP

On January 30th, 2025, our center held its annual Virtual Information Session where we provided an overview of our program and detailed the various services available to our state's Local Public Government Agencies (e.g. cities, towns, counties, tribal nations). Provided below is the link where you can view the session recording as well as timestamp information in the event you are looking for specific information. Links that were provided during the session are also available below. Thank you for another year of your support! We look forward to seeing you at next year's session!
